

Managed Security Awareness Training

Safeguard Your Business With Tailored Security Awareness Training

Human error causes 82% of data breaches (Verizon), making it one of the most critical vulnerabilities businesses face. Cyber threats like phishing, credential theft, and compliance violations demand action to safeguard your employees and your business's sensitive data.

Employee Vulnerability

Human error contributes to 91% of successful cyberattacks.
(Verizon)

Compliance Gaps

Many standards require regular end-user security awareness training.

Costly Breaches

Data breaches cost organizations an average of \$4.35 million.
(IBM)

Strengthen Cybersecurity with Tailored and Measurable Education

Our tailored security awareness training service directly addresses today's human cyber risks by delivering targeted education that meets the unique needs of each individual, ensuring more impactful learning and long-term behavioral change.

- ✓ **Protect Patient Data**
Reduce breaches of sensitive customer information.
- ✓ **Meet HIPAA Compliance**
Ensure staff follow data protection regulations.
- ✓ **Prevent Phishing Attacks**
Train employees to identify and avoid phishing scams.
- ✓ **Reduce Human Error**
Minimize risks caused by unintentional staff mistakes.
- ✓ **Build Patient Trust**
Strengthen confidence in your data security.
- ✓ **Prevent Downtime**
Prevent disruptions caused by avoidable breaches.

Our Award-Winning Training

- ➔ **Tailored Training:** Provide personalized courses based on user risk profiles.
- ➔ **Micro-Learning:** Short, engaging video sessions designed to enhance retention.
- ➔ **Measurable Impact:** Track engagement, risk reduction, and ROI easily.
- ➔ **Comprehensive Mitigation:** Go beyond training with phishing simulations, dark web monitoring and more
